Bunnik, 20 September 1993

Dear Sir,

Referring to our letter of 21 April 1993 we address you again on behalf of the Indigenous people in Brazil, especially DAMIAO MENDES and MARIO DAVIS, Macuxi Indians from the Maloca Santa Cruz/Fazenda Guanabara municipality of Normandia, Roraima state, who were killed 25 June 1990.

We rely upon it there has been a thorough investigation by the authorities since our previous letter, to bring the murderers to justice. We are anxious to know if you had any results. If not could you please inform us about the steps you intent to take in the near future.

We urgently appeal that you apply all the authority of your position to ensure that the fundamental rights of the Indigenous People are respected, and that no impunity in law or practise is permitted for abuses against them.

We thank you for your attention to our concern, and would appreciate receiving any information you may have regarding the killing of DAMIAO MENDES and MARIO DAVIS.

Respectfully yours,  
AMNESTY INTERNATIONAL GROUP BUNNIK/ODIJK/WERKHOVEN
